

Botanical Name

**Pyrus calleryana 'Autumn Blaze'**

Common Name

**Autumn Blaze Pear**

**Height:** 35'

**Spread:** 20'

**Shape:** Pyramidal, rounded

**Foliage:** Glossy green

**Fall Foliage:** Crimson red

**Exposure:** Full Sun

**Zone:** 4-8

**DESCRIPTION:** This cultivar has a distinct rounded form that distinguishes it from other pears. The most cold hardy of the Calleryana cultivars, it has white flowers in spring, dark glossy foliage, and good red fall color.
